### **PNW GITA 10<sup>th</sup> Annual Fall Conference** **October 5 - 6, 2009**

#### **“Infrastructure Renewal, Secure and Manage Your Assets - Are You Ready For the Next Emergency...?”**

The Pacific Northwest Chapter GITA Board of Directors invites you to present at our annual two-day PNW GITA Fall conference.

The Pacific Northwest has had its share of emergencies in the last 3 years. Starting with the 2007 winter storm that left a majority of the electric customers without power for over a week, to the flooding of 2009, disasters are a reality and we need to be prepared. From outage restoration, SmartGrid, transportation and emergency response the challenges are huge and ready for technology innovation. Collaborate with us once again at Salishan.

This fall conference has always been our most widely attended conference. We know that times are tough but plan on joining us as a participant, speaker, vendor, or all of the above! You can help us make it a success.

The comprehensive program will focus attention on the following areas:

#### **Smart Grid**

#### **CIP**

#### **Mobile Computing**

#### **Distribution automation / SCADA**

#### **Data maintenance**

#### **Right of way management**

#### **Engineering analysis**

#### **Exec info/support system access**

#### **Asset management**

#### **Conversion / data capture / sharing**

#### **Field and workforce automation**

#### **Enterprise data management**

#### **Engineering work order design**

#### **LiDAR / GPS / inspection**

#### **Work management, CIS integration**

#### **Digital ortho/remote sensing**

The venue is Salishan Spa and Golf Resort on the stunning Oregon Coast. We are anticipating 90-100 attendees and participation of 12 vendors.
